Past attendees' testimonials

"I have already contacted the educators in my network to make them aware that I highly recommend this review for nurses wanting to take the OCN certification" - Kathleen.

*"I took **this** course last June before taking my OCN exam and it was really helpful. When do you offer it this year and what is the pricing? I would like to share it with the people at my clinic who are preparing to take it" – Nicole.*

Disclosures

This nursing continuing professional development activity was approved by Louisiana State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Participants must attend the entire education and submit an evaluation to receive **8.25** contact hours

Participants must register to access on-demand content, complete the entire program and complete an evaluation to receive credits.

This course provides ILNA points (example 1.15 NCPD can be applied to the Psychosocial area of the Learning Plan).

Participants must attend/participate in the entire course to claim NCPD ILNA points).

Who should attend and why?

Oncology nurses seeking to obtain the OCN certification, recertification, or improve general oncology knowledge.

Certification advances professionalism, commitment, and accountability for ongoing professional development and lifelong learning.

Certification improves patient outcomes, enhances hospital reputation, accreditation outlook, personal and career growth!
